HALLOWEEN SAFE STREETS

Halloween Safe Streets is a program that involves volunteers offering their time on Halloween night to walk or drive the streets of Belleville to ensure that all trick and treaters have a safe and happy Halloween. Volunteers are identifiable by wearing a traffic vest and a different bright florescent sticker every year. The results of this program have been remarkable, with safer streets and less calls for police assistance.

If you are interested in keeping Halloween a safe and fun experience for the children in our community, contact the Community Policing Officer at (613) 966-0882 ext. 2226.

Happy Halloween
